Phone setup

- Remove the back cover.

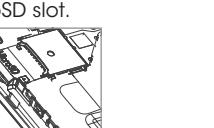

- To insert the SIM, turn the SIM card so the gold contacts faces downward.

- Slide the SIM card into the SIM slot.

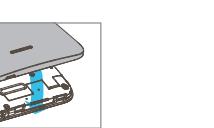

- To insert a microSD card (sold separately), turn the microSD card so the gold contact face downward and slide it into the microSD slot.

- Make sure that it is correctly inserted.

- To remove a SIM or microSD card, push in on the exposed edge to release the card and slide it out.

- Replace the back cover.

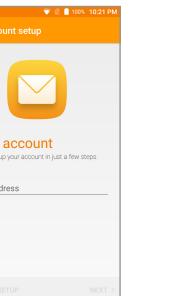

Email

Email setup (Gmail™, Yahoo!®, etc.)

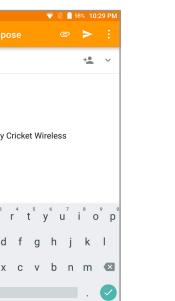

- From the home screen, tap **Apps** ➤ **Email**.
- Select an account type, enter your email address and password, then tap **NEXT**.
- Confirm email account settings and tap **NEXT**.
- Name the account, enter your name which will be displayed on outgoing mails, and then tap **FINISH**.

Note: To set up corporate email, contact your IT administrator.

Create and send an email message

- From the home screen, tap **Apps** ➤ **Email**.
- To compose a new message, tap **Compose**.
- Tap the **To** field and enter email address or name or tap **Contacts** to access your contacts.
- Enter a subject and email message.
- To attach files to the email message, tap the **Paperclip** and make your selection.
- Tap **Send** to send the message.

Cricket Apps & Services

These services make using Cricket even better and easier.

My Cricket: Check account balance, make a quick payment, view usage and access support from the palm of your hand.

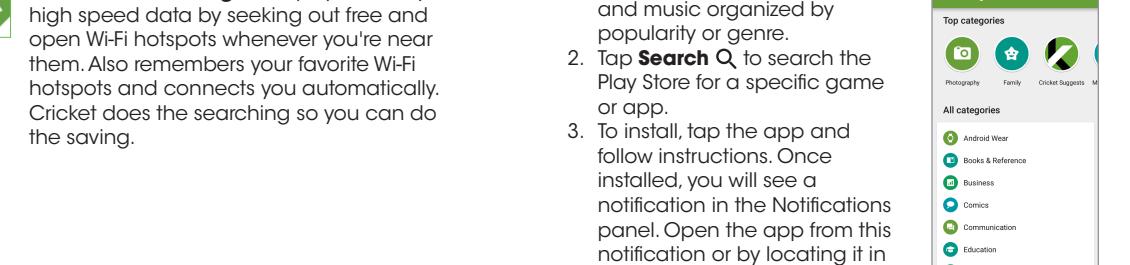

Cricket Voicemail: Quickly view, access and play back your voicemail messages. Easily save important numbers to your Favorites list and respond to messages by calling back or texting.

Deezer: Listen on-the-go with ad-free streaming music, download your favorites to your phone and get customized playlists based on your preferences.

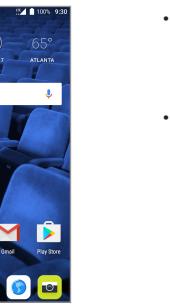

Cricket Wi-Fi Manager: Helps you save your high speed data by seeking out free and open Wi-Fi hotspots whenever you're near them. Also remembers your favorite Wi-Fi hotspots and connects you automatically. Cricket does the searching so you can do the saving.

Touch screen

Navigating your phone

- Use your finger tip to lightly touch the screen.
- Use quick flicks of your finger on the touch screen to swipe up, down, left, and right.
- To return to the previous screen, tap the **Back key**.
- Tap the **Home key** at any time to return to the main home screen.
- Tap the **Recent apps key** to access recently viewed apps.
- Tap **Apps** to access applications on your phone.

Notification panel

Access alerts, including new messages, emails, and software updates.

- Tap the top of the home screen and drag your finger down to see the Notifications panel.
- Swipe right or left to clear individual notifications or tap **Clear all** to clear all.
- With the notification panel open, tap the top of screen again and drag down to expand the quick settings menu.
- Tap **Settings** to access the settings menu.

Organize home screens

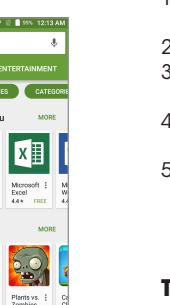

- To move widget or app shortcut, press and hold it and then drag it to a new location. To delete it, drag it to the **X Remove**.
- Press and hold an app shortcut and drag it on top of another. Then release to create a folder.
- To rename a folder, tap the folder title and then type a new name.

Apps on Google Play™

You can install apps from Google Play Store.

Access Google Play

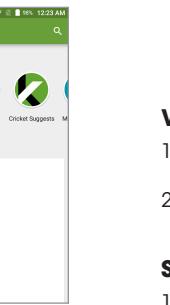

- From the home screen, tap **Play Store**.
- Enter your existing Google account or create one following the steps on the screen.

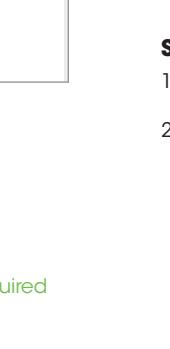

Navigate Google Play

From Play Store, there are multiple ways to find apps, games, and more.

- Tap a category to browse popular apps, games, movies, and music organized by popularity or genre.
- Tap **Search** to search the Play Store for a specific game or app.

- To install, tap the app and follow instructions. Once installed, you will see a notification in the Notifications panel. Open the app from this notification or by locating it in the **Apps**.

Send a picture

- In **Gallery**, tap a picture and then tap **Share**.
- Choose to send via text messaging or email, and more.

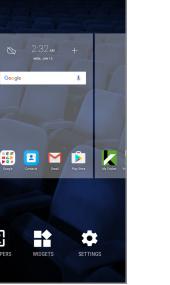

Note: A Google Wallet™ payment method is required to purchase apps.

Personalize

Set wallpaper

- To change your home or lock screen wallpaper, press and hold a blank part of the home screen and tap **WALLPAPERS**.
- Select a wallpaper and tap **Set wallpaper**. Then, in the menu that pops up, select an option to set the wallpaper for your home screen, lock screen, or both. You can also tap **Pick image** for additional options.

Add to home screen

- To add app shortcuts, tap **Apps**, press and hold the desired app, and drag it to the home screen.
- To add widgets, press and hold a blank part of the screen and tap **WIDGETS**, press and hold the desired widget and drag it to the home screen.

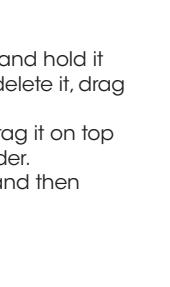

Check voicemail

- From the home screen, tap **Call**, then tap **Voicemail**.
- Press and hold **key 1**.

Call waiting

- Tap **5** or **On hold** to switch between active calls.
- Tap **1** to merge calls.
- Tap **2** to end a conference call.

Unique Alcatel Features

Selfie

Take selfies quickly and easily. From the lock screen, double tap **Camera** to select different modes. Tap **Shutter button** or press either of the **Volume Keys** to take a photo.

Quick Silence

You can quickly mute an incoming call by simply turning over your phone. To activate this feature, tap **Settings** > **Gestures** and select **Turn over to mute**.

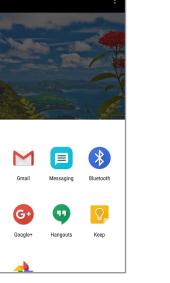

Double tap to turn on/off screen

When the screen is off, double tap to turn it on. When the screen is on, double tap a blank area on the home screen to turn it off. To activate this feature, tap **Settings** > **Gestures** and select **Unlock**.

Send a picture

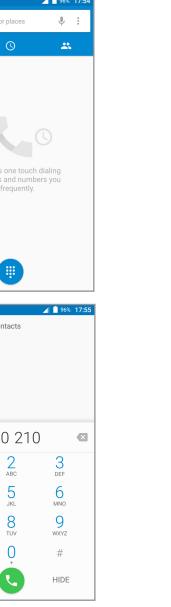

- In **Gallery**, tap a picture and then tap **Share**.
- Choose to send via text messaging or email, and more.

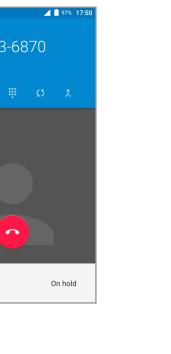

Calls and voicemail

Make a call

- From the home screen, tap **Call**.
- Type a name or phone number, or select one of the following options:

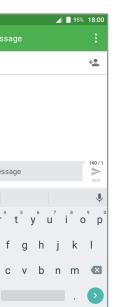

- Manually enter a phone number.
- Choose from frequently called or favorite contacts.
- Choose from a list of people who you have called or have recently called you.
- Make a call from your contact list.

Text and picture messaging

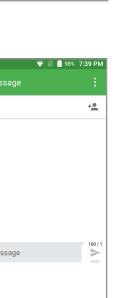

Send a text message

- From the home screen, tap **Messaging**.
- Tap **New message** to start a new text message.
- In the **To** field, enter a number or a contact name or tap **Contacts**.
- Tap the **Send message** field and enter your message.
- Tap **Send** to send the message.

Send a picture message

- Follow steps 1-4 above.
- Tap the **Paperclip**.
- Tap **Pictures** and select desired picture or tap **Take a picture** to take a picture to attach.
- Tap **Send** to send the message.

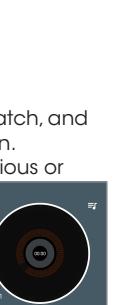

Onetouch Music

Onetouch Music is more than just a music player. Listen, stream and mix songs all through one app. Create playlists from songs you own and also listen to music from Deezer for Cricket.

Listening to music

- From the home screen, tap **Apps**.
- Tap **Music**.
- Tap a song in the music library to listen to or tap **Deezer** and then **Deezer** to log in to your Deezer account.

Mixing music

- Be the life of the party! DJ like a pro. Mix, scratch, and add effects to playlists at a touch of a button.
- Swipe left or right to advance to the previous or next track.
 - Move your finger back and forth on the turntable to scratch.
 - Tap Automix to turn on auto DJ features.
- Rotate your device to access advanced DJ mode.
- Tap the **AUTO/MANUAL** button to turn on manual mixing.
 - Tap **Effects** to add effects to the songs playing, move sliders to switch between tracks, adjust playing speed etc.
 - Tap **Record** to start recording, tap again to save the mixed song. For additional features, refer to the user manual.
