

Device highlights

- 5.2" HD display with protective glass for added protection
- Autofocus 8MP rear camera with flash for better photos in low light
- 5MP front camera with flash
- 2800mAh battery that lasts all day long with 5W charge function¹
- Water repellent coating protects your phone from spills and splashes²
- 2GB RAM and up to 16GB internal memory, with expandable storage up to 128GB microSD card³
- Powerful Quad-Core processor and fast 4G LTE speed
- Android™ 8.0 Oreo™ for a more pleasant smartphone experience

Voice & audio

- A secondary microphone to detect and reduce environmental noise
- A front-ported speaker to always play loud and clear audio
- Multiple music/audio formats supported
- Listen to your favorite radio stations with the NextRadio® app
- HD Voice for crystal clear conversations⁴

Camera & video

- Burst shot: long press shutter button to get multiple shots in a second
- Panorama: capture more with this amazing wide angle view
- Manual mode: manually adjust camera settings
- HDR: combine multiple frames into one to capture the best light
- Beautification: automatic or manual selfie beautification
- Scanner: built-in barcode/QR code scanner
- Slow motion: take videos in slow motion

Moto Experiences

Moto Actions

- Double tap the power button to quickly open the camera
- Place 3 fingers on screen to take a screenshot
- Swipe to shrink screen for a better one-hand use
- Pick up phone to switch to vibrate mode when it rings
- Flip phone to turn on do not disturb to silence notifications and calls

Moto Display

- Reply to emails/messages and access other features from lockscreen (require application's support)
- Control your music with pause/play and other controls even without unlocking phone
- Always see battery level on the lockscreen
- Automatically adjust screen to warmer tones at night
- Keep the screen on when you are looking at it

Suggestions

- Get personalized advice on optimizing storage room and battery performance

Cricket services

- Pre-loaded with My Cricket, Cricket Wi-Fi Manager and Cricket Visual Voicemail

Accessories included

- Battery
- Charger/Cable

Specifications

Network frequency	FDD LTE Bands 1/2/3/4/5/8/12/14/30/66 WCDMA Bands 1/2/4/5/8 GSM 850/900/1800/1900 MHz
Operating system	Android 8.0 Oreo™
Display	5.2" HD 1280x720
Processor	Qualcomm® Snapdragon™ 427 processor with 1.4GHz quad-core CPU and Adreno 308 GPU
Memory ³	2GB RAM, up to 16GB internal memory Supports up to 128GB microSD card
Rear camera	8MP with LED flash, 1080P FullHD video
Front camera	5MP with flash
Wi-Fi®	802.11 a/b/g/n, 2.4GHz + 5GHz
Dimensions	5.95 x 2.91 x 0.35 in.
Weight	5.3 oz.
Talk time ¹	Up to 21 hours
Standby time ¹	Up to 298 hours
Battery	2,800mAh (removable)
HAC	M3/T4
Charging solution	microUSB, 5W charger

¹All battery life claims are approximate and based on a standard mixed use profile. The mixed use profile is based on Motorola devices on major 4G LTE networks with excellent coverage and includes both usage and standby time. Out-of-box settings are applied to the mixed use profile to project battery performance. Actual battery performance will vary and depends on many factors including signal strength, network configuration, age of battery, operating temperature, features selected, device settings, and voice, data, and other application usage patterns. Battery must be substantially depleted; charging rate slows as charging progresses. Charger sold separately in some markets. ²Advanced nano-coating technology creates a water repellent barrier to help protect against moderate exposure to water such as accidental spills, splashes or light rain. Not designed to be submerged in water, or exposed to pressurized water, or other liquids. Not waterproof. ³Supports up to 128GB microSD card, microSD cards sold separately. Content with DRM restrictions may not be able to be moved to the card. ⁴To experience Cricket HD Voice, both callers must have a compatible HD voice capable smartphone and make the call over Cricket's LTE Network or a compatible network. Cricket's LTE coverage is not equivalent to its overall network coverage. HD voice calls made on a compatible device on Cricket's LTE network may not experience an HD voice connection during times of network congestion. Other carriers networks may interoperate with Cricket's LTE network to support an HD voice call. Certain features, functionality and product specifications may be network dependent and subject to additional terms, conditions, and charges. All are subject to change without notice.
